

## Making a Donation to Sacred Heart School

Sacred Heart tries to ensure that all parishioners wanting to send their children to our parish school have the opportunity to do so. It is critical in today's society to offer a Catholic school for our community. We have a mission to educate our children in Catholic values. We hope that as leaders of tomorrow they will make faith-based decisions. Together with parents, this school strives to provide that foundation of faith.

The Development Committee would like to thank the many generous donors who have included Sacred Heart Parish School in their giving plans.

If you are interested in giving to Sacred Heart Parish School please contact the Development Office. You may choose to donate to the endowment fund, scholarship fund, or the immediate needs fund.
